Submitting Nominations for FPA Awards

On behalf of the Florida Polygraph Association's Awards committee, I would like to take this opportunity to inform you of the recurring award nominations process.

The procedure for nomination submissions is now electronic. When nominating a member, please download the Florida Polygraph Association Award Nomination Form from the FPA website at the following link

<https://www.floridapolygraph.org/awards> and open it in a pdf reader. The form is fillable and requires an electronic digital signature. Fill out the required information then return the completed form along with any attachments (documentation such as newspaper articles, etc.) to the Awards Committee Member's email address.

The available awards can be found in the Florida Polygraph Association By-Laws document posted on the FPA website in the Constitutional Documents section. The awards are listed within the document under number 8. Here you can read the descriptions/requirements of each award.

Nominations must be received **45 days prior** to the annual seminar to be considered.
